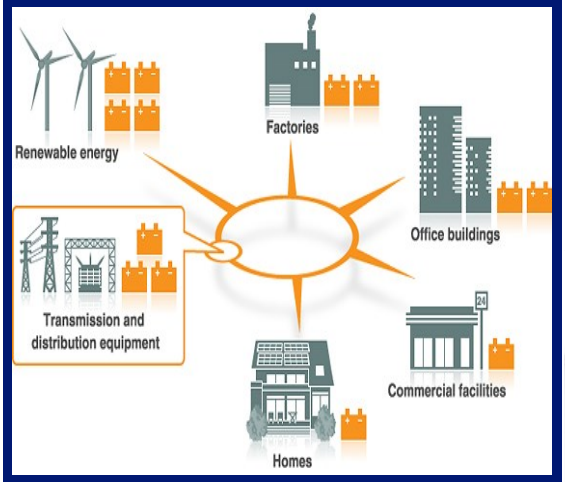
iEngineering
idea + intelligence + integration

Battery and Battery Storage System

- Lithium Ion Battery
- AGM Valve Regulated Sealed Lead Acid battery
- Solar GEL Battery Valve Regulated Rechargeable Non Spill able
- Cabinet Energy Storage and Racks
- Battery for three wheel electric vehicles
- Battery for Electric Car



Marathon L6V110 VRLA

Battery Charger with Enclosure

MSE-110-6 VRLA

MSE 6V -100 AH VRLA

- We have dedicated and continuous research to provide highest energy density battery from KW to MW with ample design life. These battery are safely installed either in cabinet ,communication racks for easy access and maintenance .
- Battery meeting the Technical and Functional criteria .
- Battery contribute to reduce CO2 emissions through using AGM and AFB Batteries through the use of START and STOP Technology .
- Meeting Safety ,Reliability and Performance
- Competitive price & short delivery time.
